## Sustainable Jersey Presentation at West Milford Town Council meeting

MONDAY JANUARY 16, 2012, 3:22 PM  
AIM WEST MILFORD

[+1](#) [0](#) [INT](#) | [E-MAIL](#)

Sustainable West Milford member Renee Allesio will make a presentation on Sustainable Jersey at the next regular town council meeting on Wednesday, Jan. 18, at 7:30 p.m. at Town Hall. West Milford received Sustainable Jersey certification at the League of Municipalities in November 2011. This certification is achieved as a result of accumulating points awarded for actions taken which move the township towards becoming more sustainable.

The presentation will recognize those who have helped the township achieve this certification. Sustainable West Milford and the West Milford High School Green Team have been key partners and Allesio encourages members of both organizations to come to the meeting to be recognized. She also wants to encourage more residents to become involved.

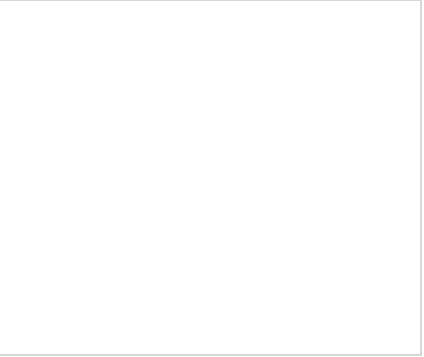

"It's amazing how much can be accomplished when community members come together!" says Allesio.

This certification is for three years and it is necessary to continue programs and to create new ones in order for the township to keep its certification. The team welcomes new ideas and the bigger the better. For more information, please contact Renee at rballesio@gmail.com.
