PowerSave Schools Opportunity

Sustainable Jersey is partnering with South Jersey Gas (SJG) and the Alliance to Save Energy (ASE) to bring the PowerSave Schools program to schools within [SJG's service territory](#)

SJG will fund all direct program costs for 10 schools, while the ASE will lead implementation of the PowerSave program, providing the tools and resources to ensure a successful program outcome. For more information click [here](#).

Application Deadline: Friday, January 4 at 11:59pm

Two Dates Remaining! Bring your Green Team to a Sustainable Practices Working Session

As part of their commitment to helping schools across New Jersey reach their sustainability goals, the New Jersey School Boards Association, in collaboration with Sustainable Jersey for Schools, is offering members and school district personnel an opportunity to attend a free one-day Sustainable Practices Working Session. In this session participants will review a Sustainability Wellness Check, which will be in alignment with the Sustainable Jersey for

Schools certification program. This is the perfect opportunity to gather your green team and strategize for certification and cost savings in 2019!

The free program begins at 9 a.m. with registration and a continental breakfast beginning at 8:30 a.m.

[February 21-](#) Atlantic County Utilities Authority, Egg Harbor

[February 28-](#) NJSBA Headquarters, Trenton

2019 Rutgers Environmental Stewards Program

Are you concerned about the environment and want to learn how to make a difference? Maybe you're part of a municipal environmental commission or green team, and you want to do your best in caring for your community. You can do all this and more as part of Rutgers Environmental Stewards Program!

Classes will be offered by the Rutgers Cooperative Extension of Middlesex County at the EARTH Center, in Davidson's Mill Pond Park at 42 Riva Ave, South Brunswick. The 2019 course begins on Jan. 23 and meets every Wednesday from 9:30 a.m. to 12:30 p.m. through June 2019.

The Environmental Steward program is designed to explain and analyze the environmental issues affecting New Jersey. Using science, teamwork and natural resources, the Stewards will create plans to face the problems head-on. You don't have to be a scientist to be a Steward -- all you need is passion for the environment, learning and volunteering!

Registration, payment and program details for individuals or municipalities are available at <https://RESMiddlesex.eventbrite.com> with a registration deadline of Jan. 18.
