Earn recognition and funding for your school

Projects can be used to gain certification points

Support your school's efforts to be sustainable

Program Book COVER ART

The program book cover art comes from the talented students of Carolyn McGrath's art class at Hopewell Valley Central High School. Students created portraits of "Climate Heroes" impacting their generation. Each student presented a hero in their interpretation, using colors, imagery, and other materials to speak to the issues that each hero tackles and their impact on the world. These pieces demonstrate the importance of using art to educate and influence others in the local community to take action on the climate crisis. The "Youth Climate Hero Portraits" exemplar art lesson can be found at NJClimateEducation.org.

Central High School is one of six schools in the Hopewell district with bronze-level certification. It was also the first-place winner of the 2021-2022 New Jersey Student Climate Challenge.

Sustainable Jersey for Schools **AWARDS CEREMONY**

Tuesday, October 25, 2022 at 12:15-1:45 PM

Atlantic City Convention Center, Exhibit Hall Main Stage

WELCOME

DIGITAL SCHOOLS STARS!

A Digital Schools Star embraces the mindful implementation of effective digital learning and communication tools, resources and practices – a commitment that is evident in its mission, culture, classrooms and interactions with its stakeholders. Star schools document their successful digital learning strategies in the action areas of leadership, learning practices, technology access, school culture and climate and student learning in order to qualify for Star Recognition.

NEW JERSEY STUDENT CLIMATE CHALLENGE

Engage Students to be Climate Leaders

Students can be powerful agents of change when addressing issues that are important to them. Their passion for action is often the catalyst that influences others to do the same. The New Jersey Student Climate Challenge seeks to empower middle and high school students to complete a school or community project that addresses the causes or impacts of climate change and create a digital story to share their accomplishment.

Enable Students to be Climate Learners

With the Challenge, learning comes alive, both inside and outside the classroom. It is a unique opportunity to reinforce New Jersey's initiative to incorporate climate change education across all K-12 classrooms. It can be seamlessly integrated into a unit plan or club activity. Why not motivate students with a fun place-based project that aligns with the new Climate Change Education Student Learning Standards?

Get Recognized

Finalists are honored at an Awards Ceremony hosted by First Lady Tammy Murphy at Drumthwacket, the official residence of the Governor of New Jersey. Schools receive a grant to support their climate education initiatives: first place \$2,500, second place \$1,000 and third place \$500.

Learn More and Register Today

Free and open to all New Jersey public school students in grade 6 to 12

Teachers register their class or club

Professional development sessions and climate change education resources

Student submissions are due March 31, 2023

New Jersey Climate Change Education Hub

An online portal that connects educators to FREE resources to integrate climate change into their curriculum for all subject areas and grade levels.

njclimateeducation.org

Exemplar Lesson Plans

Developed by teachers, each lesson plan is NJ-centric and aligned with NJSLS so you can teach to the climate change education standards tomorrow!

1600+ Teaching Resources

Search our online database by keywords, subjects, grade level, NJSLS, and more. All resources have been reviewed by a scientist and a teacher.

Professional Learning

Find the right professional learning opportunity for your school, whether it is a workshop for curriculum development, courses, or articles to guide teachers on how to teach about climate change.

Guidance For School Boards

Access guiding documents as you support schools implementing the climate change education standards.

We're Here For You

At New Jersey Natural Gas (NJNG), we have the resources to help minimize the impact energy costs can have to your household budget.

From energy efficiency to payment assistance, NJNG has programs designed for you.

NJNG Proudly Supports Sustainable Jersey for Schools.

PROGRAM PARTNERS

Sustainable Jersey's success is rooted in the power of partnerships and collaborative efforts to achieve New Jersey's sustainability goals. By working together, partners enrich the Sustainable Jersey for Schools program and reinforce the critical role public schools play in a sustainable future in New Jersey and beyond.

Thank you to our program partners for their contributions to the Sustainable Jersey for Schools program. All partners have demonstrated a high level of commitment to the economic, environmental and educational sustainability of New Jersey's public schools. The ongoing success of the program would not be possible without their technical expertise, guidance, and enthusiastic support. We look forward to continued collaboration as we work together to create a brighter future one school at a time.
