Dear Mr. Solomon:

Commissioner Repollet and the Leadership for Educational Excellence (LEE), a coalition of the state's major education organizations is proud to support the *Sustainable Jersey Digital Schools (SJDS) Program*.

We are confident that Sustainable Jersey will successfully build on the legacy of the *Future Ready Schools - New Jersey (FRS - NJ)* program by integrating FRS - NJ topical areas and content into the highly successful Sustainable Jersey for Schools program, which the original FRS-NJ program was modeled after. Sustainable Jersey has a proven track record of developing and implementing new resources to support our state's schools, educators and students, and we look forward to your expansion into meeting the challenges of digital learning. This will translate into a more robust support environment for New Jersey schools, with improved technical assistance and training capabilities.

We look forward to collaborating with Sustainable Jersey for Schools in supporting the education and welfare of all New Jersey students.

Sincerely,

Dr. Lamont Repollet, Commissioner
New Jersey Department of Education

Dr. Lawrence S. Feinsod, Executive Director
New Jersey School Boards Association

Steven Swetsky, Executive Director
New Jersey Education Association

Patricia Wright, Executive Director
New Jersey Principals & Supervisors Association

Dr. Richard Bozza, Executive Director
