

Official Rules

Eligibility: The New Jersey Student Climate Challenge (the “Challenge”) is open to New Jersey public schools serving students in grades 6 through 12. Students must participate as teams composed of a minimum of 2 students and a maximum of 12 students (a “Student Team”) from the same school. Each team must have a teacher mentor. Teachers serve as facilitators in this challenge as the purpose of the challenge is that it is student organized and student led.

Challenge Partners: Atlantic City Electric, the Drumthwacket Foundation, and Sustainable Jersey.

How to Enter: Teachers can register to participate in the Challenge from October 10, 2023 through April 10, 2024. Registration for the Challenge indicates a teacher’s interest in having student teams participate in the Challenge.

Student team submissions will be accepted through April 10, 2024 at 11:59pm. Each student team is required to complete a school or community project aimed at addressing climate change. Entry into the Challenge includes: a short, approximately 3-minute, digital story video accompanied by a completed submission form which requires students to provide a summary of their project and explain about how their project is linked to climate change.

The Challenge Partners will not be responsible for incomplete, lost, late, misdirected, or illegible entries or failure to receive entries by the stated deadline. All entries become the property of Partners, and none will be returned.

Awards: New this year! For the 2023-2024 NJ Student Climate Challenge there are two award categories. Contest rules and the entry submission are the same for both categories.

NJ Student Climate Challenge Award	ACE Student Climate Challenge Award
To be eligible for a NJ Student Climate Challenge Award, your student team must be from a public high school and middle schools in New Jersey. (Excluding schools in the Atlantic City Electric (ACE) Service Territory.)	To be eligible for the ACE Student Climate Challenge Award, your student team must be from a public high school or middle school that is located in the Atlantic City Electric (ACE) Service Territory.
First, second and third place middle and high school winners receive grants to advance their climate education initiatives ranging from \$3,500 to \$500.	First, second and third place middle and high school winners receive grants to advance their climate education initiatives ranging from \$3,500 to \$500.

The Drumthwacket Foundation

The decisions made by the judges regarding the winners are final and binding in all respects. The list of winners will be posted on the sustainablejerseyschools.com website on or before June 30, 2024. If you have any questions regarding this Challenge, please email:

njstudentclimatechallenge@sustainablejersey.com.

Participation: By participating, students and teachers agree to be bound by these Official Rules and the decisions of the Challenge Partners. The Challenge Partners further reserve the right to disqualify any entry that is alleged to infringe on any third-party's intellectual property rights or that the Challenge Partners deem obscene, offensive, or otherwise inappropriate for viewing by a general audience. By participating in the Challenge, the entrants, winners, and their parents and legal guardians hereby release the Challenge Partners and each of their respective affiliated companies and advertising and promotional agencies from any and all claims, complaints, disputes, and liabilities in connection with this Challenge.

Copyright: By entering the Challenge, each student grants to the Challenge Partners an exclusive, royalty-free, and irrevocable right and license to publish, print, edit, display, broadcast or otherwise use the student teams video submissions, in whole or in part, for any purpose and in any manner or media (including, without limitation, the Internet), all without limitation or further compensation.
