

Sustainable Jersey for Schools 2023 NJSBA Conference Presentations

Click on the name of the session to download the power point presentation.

[Take Action! Develop a District Climate Action Plan](#)

Hopewell Valley School District will share its climate action plan's inspiration, process, and development. The session will also provide guidance and strategies on how districts can create their climate action plan and what roles school board members and administrators play in adopting the plans.

[Best Practices in Managing Technology for Greater Effectiveness](#)

Discover how to develop a comprehensive technology integration plan aligned with educational goals, ensuring equitable access to technology and creating a secure and reliable technology infrastructure and management plan for your school district.
