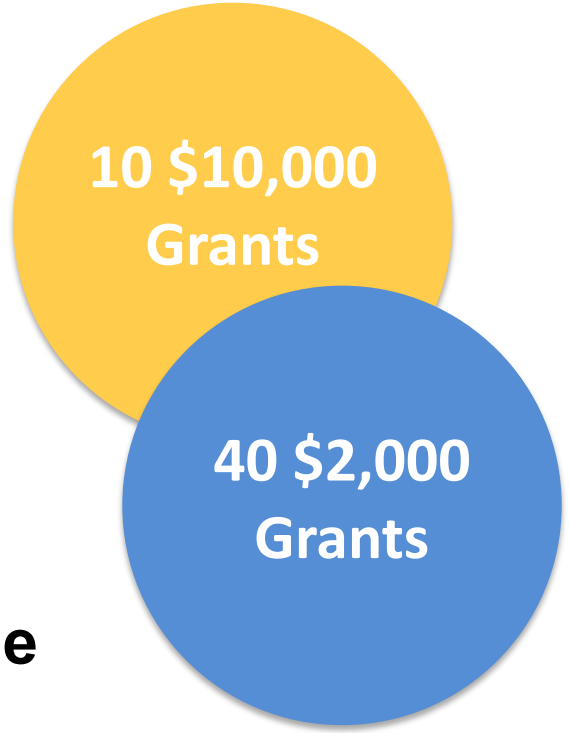
**Please note that the 2022 NJEA grants were awarded in March 2023*

+ A grant is closed when the final report has been submitted and approved by Sustainable Jersey

Available Funding

- Each applicant is only eligible to receive ***one*** grant per cycle
- Districts can **only** apply for a 10k grant
- A school can apply for **one 10k grant <u>and/or</u> one 2k grant**
  - The 10k applications are considered first
  - If awarded a 10k grant, the 2k grant application is no longer eligible



Applying for two grants is a good strategy to maximize your school's chances of receiving funding

Use of Funding

District applications should focus on projects that benefit multiple schools in the district

Funding Level	Use of Funds
$10,000 Project Grants	• Fund all or part of a project that will earn points toward a Sustainable Jersey for Schools **action** • The **Innovation Project** actions are acceptable • The project should leverage partnerships with community resources and include an outreach component focused on promoting community awareness of the project
$2,000 Green Team Grants	• General operating support and direct expenses for green teams • Funds may be used for a project related to an action in the Sustainable Jersey for Schools program

Energy Projects

Interested in energy projects? Review the available resources in Attachment 1 in the Application Information Packet

- Energy audits and incentive programs
  - Lighting upgrades, purchasing new EE equipment, etc.
- Electric vehicle charging stations
- Electric vehicle purchases

- Energy education, conservation, and or behavioral change projects

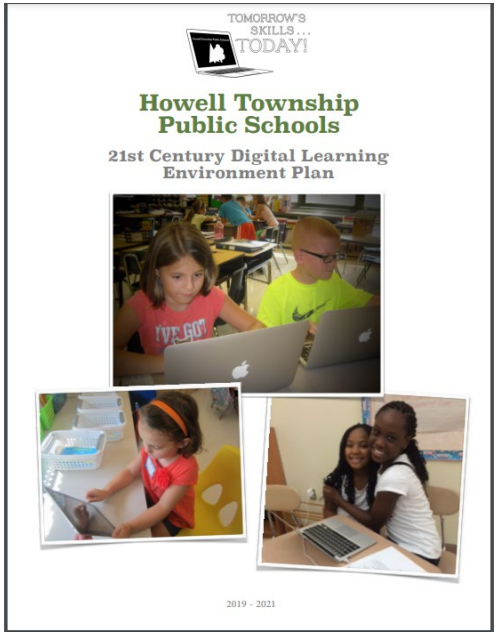
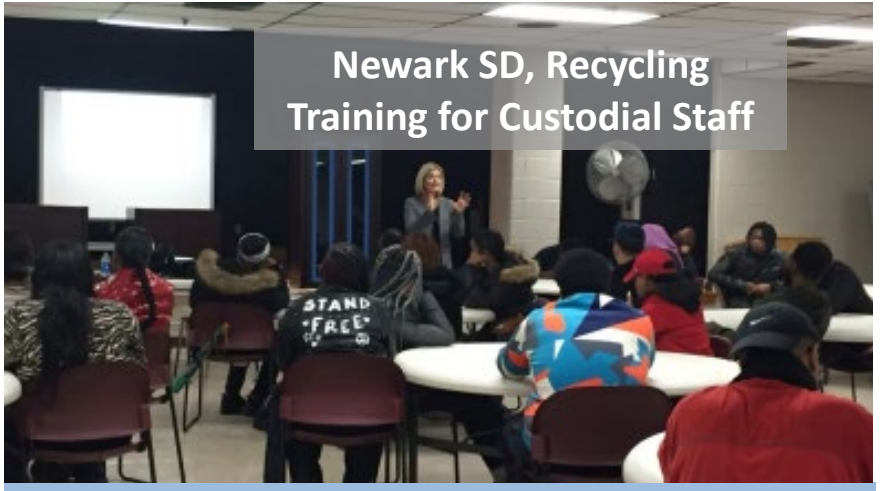
- Develop lesson plans and curricula across disciplines that integrate sustainability themes, including social justice, environmental justice, and climate change.



Program actions:
Student Learning (multiple actions)
Digital Schools

Professional Development

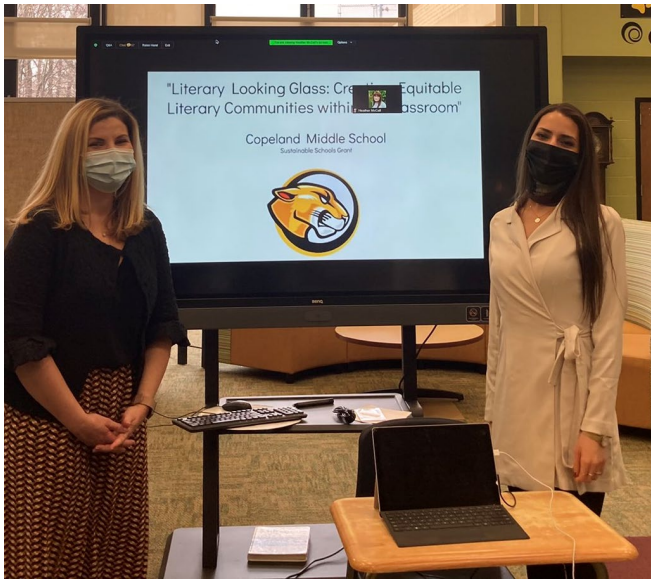
- Training for teachers on timely issues such as climate change education, digital tools, social emotional learning
- Training for custodians on green building operations, maintaining healthy indoor environments, and green cleaning
- Training for school counselors, nurses, food service workers etc.



Program actions:
Professional Development for Sustainability
Green Cleaning (multiple actions)
Healthy School Environments (multiple actions)

Social-Emotional Learning & Equity

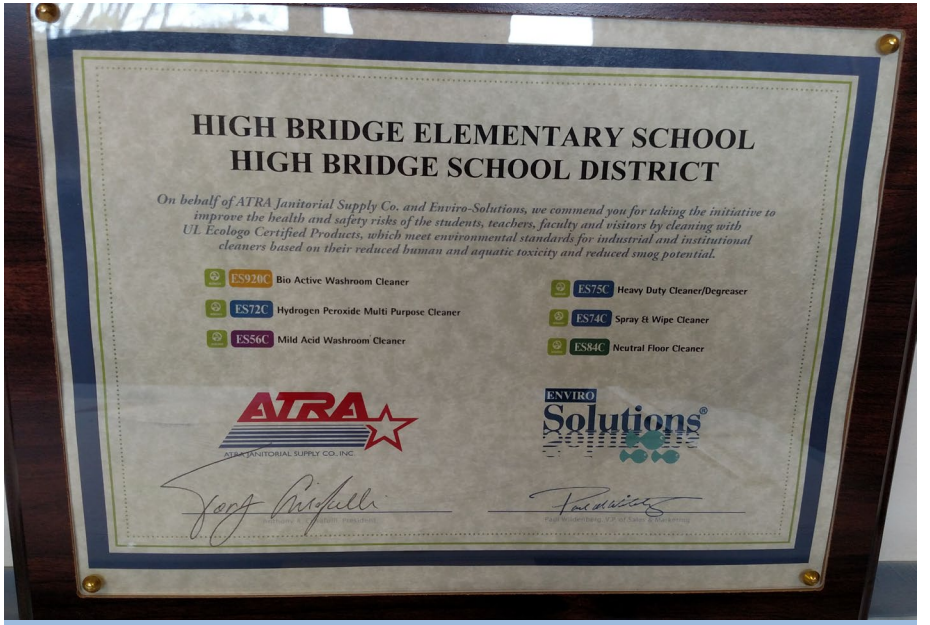
- Address social emotional learning issues
- Integrate SEL into lessons and units
- Assess school climate and make progress on addressing identified issues
- Expand equity initiatives – e.g. special supports for English Language Learners and special needs students



Program actions:
School Culture & Climate (multiple actions)
Innovative Project

Building Maintenance Practices

- Eco-friendly approaches to sanitation and cleaning
- Eco-friendly management or reduction of single-use waste –food packaging and water bottles from meal service
- Composting program



Program actions:
Green Cleaning (multiple actions)
Healthy School Environments (multiple actions)
Waste Audit
Recycling Non-Mandated Materials

Communications & Community Engagement

- Improve communications with parents to get more information about the needs of students and families, as well as to engage them in building a strong, inclusive and supportive school community

Program actions:
Accessible Communications
Community Education and Outreach

Innovative Projects

- Initiatives to implement new technologies or practices that advance sustainability goals but are not outlined elsewhere in the Sustainable Jersey for Schools program
  - e.g. Community Schools & “whole child” approach to education

Program actions:

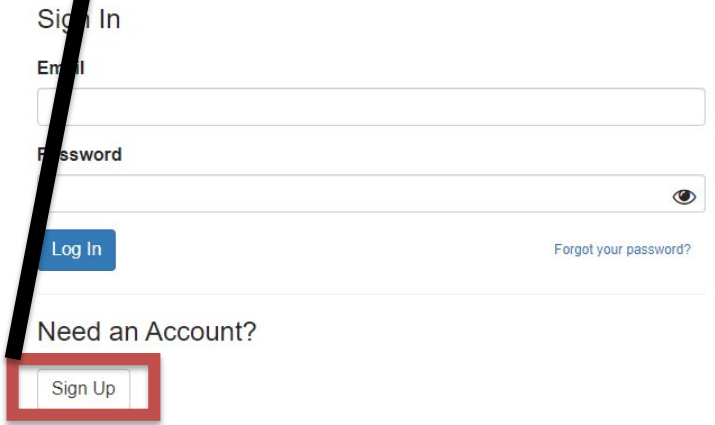
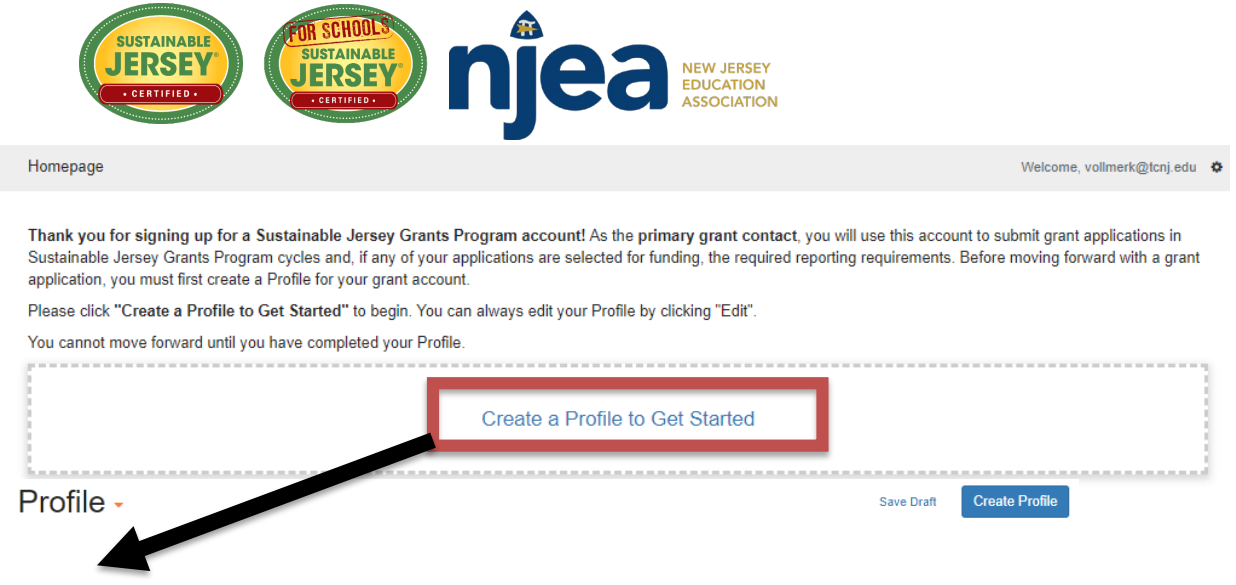
Sustainable Jersey Grants Program Account



STEP ONE: Create a Grant Account for Your School or District

Review **instructions** on how to create a grant account here.

you will be able to review any past submissions and unsubmitted drafts. Copies of previously submitted



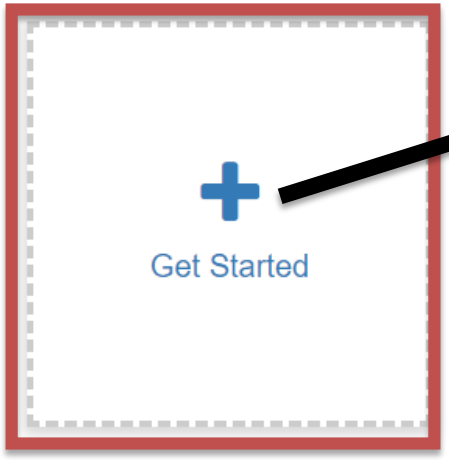
STEP TWO: Create a Profile

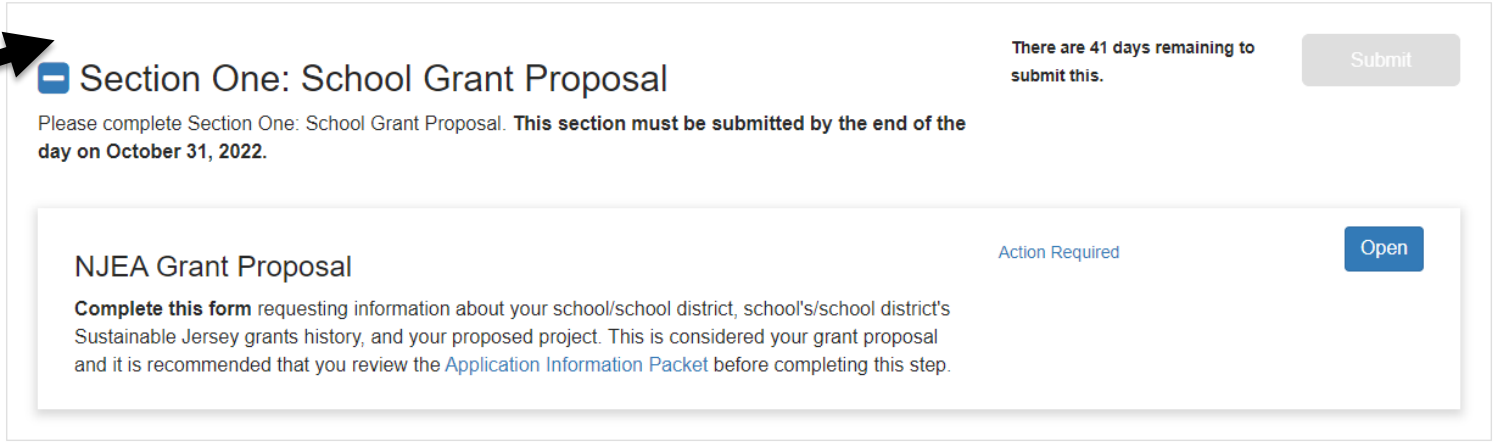
The primary application contact has to be a school or district employee. If working with a consultant who plans on submitting the application on behalf of the school or district, they should submit it using a school or district grant account with a proper primary contact.

Please note that **each individual school** will need its **own account**. Any **district applications** must be submitted through a **district account**.

Thank you for filling out the profile form for your grant account. Below you will find buttons that will allow you to do the following:

- Use the "get started" button to create a new grant application for the 2022 Sustainable Jersey Grants Program Cycle funded by NJEA
- Complete the reporting requirements associated with a previously-awarded grant





STEP THREE: Ready to Start a Grant Application

Note that **school applicants** that wish to apply for **both a 10k and a 2k grant** will need to submit **two separate** applications—there will be two "Get Started" buttons available if needed. **Districts should submit using its own grant account.**

Application Sections

*** Schools and districts with at least one certified school do not need to provide green team documentation.**

Section One: School Grant Proposal

Preliminary Questions

- Are you submitting an application as a school district or school?
  - **School District** OR **School**
- Is your school district/school affiliated with NJEA?
  - **Yes** OR **No**
- Which grant are you applying for?
  - **$2,000** OR **$10,000**

Must answer these questions first in order to populate the application form with questions specific to the grant you are applying for.

Section One: School Grant Proposal

SJ Grant History

- **Previously-awarded grants** from the Sustainable Jersey Grants Program can affect your school or district's eligibility to apply for another grant
  - Review the eligibility chart for previous grant recipients
  - Schools are eligible to have two open grants at one time—one 10k and one 2k grant

As long as the project is finished, a grant can be closed out by submitting a final report. Contact us to see if your school or district has any open grants and what your close-out options are. It may be possible to close out a grant in time.

Section One: School Grant Proposal

SJ Grant History

- **Outstanding Grants** (Open Past Original Reporting Deadline)
  - Unable to apply for any grants until the outstanding grant is closed
  - Still the case if the previously-awarded grant has an extension
- Open grants in an individual school do not affect the district's or any other schools' eligibility to apply for a grant—all are considered separate entities

Section One: School Grant Proposal

Applicant Information

- **School/District Name and County**
  - Search for your school/district name via the search bar and this information will auto-fill

Please note that schools/districts with the same name may have to try clicking on more than one name before finding the one assigned to the correct county.

Section One: School Grant Proposal

Applicant Information – All Applicants

- **NJDOE School District Code**
- **District Employer Identification Number (EIN)**
  - Ask your fiscal contact for this
- **Number of Students the District Serves**
- **Percentage of Students in District on Free or Reduced Lunch**

Can get all of this information from the most recent Fall Enrollment Reports via the NJDOE website here.

Section One: School Grant Proposal

Applicant Information – School Applicants Only

- Type of School Applicant (Elementary, Middle, or High)
- School Student Population
  - Ask your fiscal contact for this
- Percentage of Students in School on Free or Reduced Lunch

Can get all of this information from the most recent Fall Enrollment Reports via the NJDOE website here.

Section One: School Grant Proposal

Applicant Contacts

- **Provide the name, email address, phone number, and phone number extension (if applicable) for the following contacts:**
  - Superintendent **(title not needed)**
  - Principal **(only for School Applicants)**
  - Fiscal Contact **(will also need mailing address)**
  - NJEA Local Association President
  - Media Contact **(optional)**

Community engagement is important, so it is good to have someone responsible for project promotion.

Section One: School Grant Proposal

Grant Proposal

- **All Grant Applications Must Include:**
  - Project Title and Brief Description
  - Action Plan and Timeline
    - Can use the template available here
  - Budget Narrative and Detailed Project Budget
    - Can use the budget template available here

Before getting started on the proposal, review the evaluation criteria for $2,000 grants here.

Section One: School Grant Proposal

Grant Proposal

- **Only 10k Grant Applications Must Include:**
  - Project Team
  - Community Engagement
  - Project Impact and Evaluation

Before getting started on the proposal, review the evaluation criteria for $10,000 grants here. Note that the evaluation process for the large grants is more extensive than that for the smaller grants.

Section Two: Current SJS Status

Check Your School's/District's Current Program Status

- **Did you check the Participating Schools and Districts Map?**
- **What does the map say your school's/district's status in the Sustainable Jersey for Schools program is?**
  - **Schools:** Not Registered, Registered, Certified Bronze, Certified Silver
  - **District:** Not Registered, Registered (Districts cannot be certified)

Section Two: Current SJS Status

Check Your School's/District's Current Program Status

- **Previously certified?**
  - Note certification only lasts for three years and can be expired at the time of the grant application
- **Not registered?**
  - Registering is free and easy. You can learn more here.
  - If you are at least in the process of registering by 10/31, your application will still be considered.

Section Two: Current SJS Status

Green Team Documentation

- **Currently certified schools or districts with at least one certified school DO NOT need to provide this information**
- Otherwise, we need the following green team documentation:
  - List of green team members
  - Summary of green team activities

You can either create a district or school green team or appoint an existing group to act as the green team. District green teams are created by resolution whereas school ones can be created via a letter from the principal. You can follow the instructions available here. It is okay if your green team is the same as your project team.

Section Three: NJEA Local Association President Correspondence

- **Please upload evidence that your NJEA Local Association President has been informed of the green team's intent to submit the grant application.**
  - This can include either a copy of the email that was sent to, or a letter of support from, your NJEA Local Association President.

While it would be great to have your NJEA Local Association President on the project team, you are only required to show proof that you have reached out to the President to let them know of the grant application.

Section Four: Grant Authorization Doc

- **Upload either a School Board Resolution OR a letter from the superintendent, business administrator, or school principal**
  - A template resolution can be found here and a template letter here
  - Can use the same resolution for a 10k and 2k grant application
  - Must be signed and dated
  - **Must be submitted by 12/1/23**

This resolution is DIFFERENT than the resolution required to register in the Sustainable Jersey for Schools certification program OR to establish a green team.

Selection Process

- All **$10,000** proposals will be reviewed by a Blue Ribbon Selection Committee composed of experts from the public and private sectors.

- All **$2,000** grants will be awarded based on the green team's commitment to advancing sustainability initiatives in the school and how the proposed activities will lead to the successful completion of specific Sustainable Jersey for Schools actions.

Up to 50% of the grant funds will be reserved for certified schools and districts with at least one certified school

- Efforts the school makes towards achieving Sustainable Jersey for Schools certification are considered
- The regional distribution of grants throughout the state is considered

Applications Tips

IG: Sustainable_Jersey | Twitter: @SJ_Schools | FB: @SustainableJersey | LinkedIn: sustainable-jersey

Project Description

- The description concisely summarizes the specific project to be funded by the grant award

TIP: Project Selection
• Think “outside the box” • Identify all requirements associated with the project • Consider community dynamics when crafting your proposal so it’s successful • Consult stakeholders before settling on a plan • Understand your capacity

Project Team Members

- The designated project team appears qualified to undertake the proposed project
- The project team includes representation from district, school, and community stakeholder groups that will be involved in or impacted by the implementation of the proposed project

TIP: Building Your Team

- Include representation from stakeholder groups that will be involved/impacted by the implementation of the project like school staff, students, and parents.

Action Plan & Timeline

- The proposed project action plan addresses the steps needed to successfully complete the project
- Target completion dates are realistic and will enable the project to be completed within the 18-month performance period

TIP: Project Planning/Implementation

- Consider administrative delays, such as the procurement process and plan time for paperwork
- Research the products you plan to use
- Plan ahead for summer months/downtime
- Set deadlines and adhere to them
- Spend time and resources to train volunteers
- Try to plan for the unexpected – always have a “plan B”
- Include plans for how the success of the project will be shared with the school community

Action Plan & Timeline

- Implementation steps should start no earlier than mid-March 2024. Planning steps can occur earlier, but no grant funds can be spent beforehand
- Events where the grant will be promoted, such as a ribbon cutting ceremony, and materials will be distributed are identified

Community Engagement

- The proposed project action plan addresses the steps needed to successfully complete the project
- Target completion dates are realistic and will enable the project to be completed within the 18-month performance period
- Implementation steps should start no earlier than mid-March 2024. Planning steps can occur earlier, but no grant funds can be spent beforehand

TIP: Bringing in other Stakeholders

- Recruit volunteers early on
- Identify and involve all relevant parties from the beginning
- Keep meetings short, timely, meaningful and efficient
- Think of how the project will affect other community groups and see if they want to get involved

Community Engagement

- Events where the grant will be promoted, such as a ribbon cutting ceremony, and materials will be distributed are identified

Project Impact and Evaluation

- The project will augment existing green team efforts and support certification efforts
- The proposed project is unique, innovative and addresses a specific need in the community
- What the project hopes to accomplish is clear and relevant background information is provided to better understand the true impact of the project

TIP: Identify Impacts

- Propose a project that capitalizes on collaborations between school and municipal or district/school stakeholders

Project Impact and Evaluation

- Who will benefit from the proposed project (students, school staff, families, community) and how is clearly articulated
- Project outcomes will be evaluated

Budget

- The Budget Narrative clearly summarizes project expenses and identifies all the sources of funding needed to complete the proposed project, including in-kind contributions such as volunteer hours
- The detailed project budget is consistent with the Budget Narrative and clearly identifies the eligible project expenses that will be billed to the grant
- The budget is realistic, costs are justified and resource contributions, including in-kind, have a reasonable value

TIP: Tracking Expenses

- If completing an outreach project, justify use of promotional materials
- Keep in mind promotional item value limits
- Include shipping costs
- Remember that the budget is an estimate and that modifications can be made if in receipt of the grant award
- Make sure grant funds column adds to grant award

Budget

- Promotional items including “give-aways” (i.e. T-shirts, water bottles, reusable bags), refreshments, incentives or awards do not comprise more than $1,000 for 10k projects and $200 for 2k projects
- It is clear that all additional funding besides the grant is in-hand or committed
- The project leverages no or low cost resources to cost-effectively complete the proposed project

TIP: Leveraging Other Resources

- Consider asking community members and local businesses for donations, whether it be funding or project materials, especially for promotional materials
- Can include money for a sign, which is required for applicable projects and can likely be donated
- Review the resources in the actions on the website for other opportunities to leverage resources

Additional Tips

- Templates for required attachments and a promotional flyer can be found on the NJEA Grant Cycle page
- Utilize the Previous Grant Cycle Awards as a resource when deciding what type of project to apply for
  - Is my project unique compared to these?
  - Has my project been done before? If so, what is going to make my project new and exciting?
- Check out the Application Tips page for help

Grant Awards

IG: Sustainable_Jersey | Twitter: @SJ_Schools | FB: @SustainableJersey | LinkedIn: sustainable-jersey

Grant Awards

Grant recipients will be announced:

Mid-February 2024

Grant Event:
Mid-March

- $2,000 grants will be mailed in full to the attention of the application's fiscal contact
- $10,000 grantees will receive an initial payment of **half the award amount with an understanding that they must front the second half of the grant**
  - The final payment of the remaining half will be paid to the school/district upon satisfactory approval of the final report

Reporting Requirements

- $10,000 grants will submit an interim report midway through the project and a final report after an 18 month performance period
  - Note that the second half of the grant funds will not be released until the project is complete and final report approved
- $2,000 grants will submit a final report after a 12 month performance period
- Take pictures, keep track of expenses, and be sure to acknowledge the sponsors—will need this documentation for the report

Ribbon Cutting Ceremonies

- Must notify Sustainable Jersey for Schools of any project-related events so that media outreach can be coordinated with funders
  - The purpose of these events is to celebrate the district's or school's accomplishments in completing the grant project with the community, recognize the program funders, and highlight the benefits of the Sustainable Jersey Grants Program

Media

- It is recommended that the green team develop a strategy to promote the completion of the grant to the local and school community
  - Use social media
  - Put out media releases
  - Articles in the local news
  - School/District parent newsletters

Signage

- Installing a sign indicating that the project was funded by NJEA and the Sustainable Jersey for Schools Grants Program where applicable is required
  - The cost of the signage can be included in the project budget.
  - Should include the Sustainable Jersey for Schools and NJEA logos

Project Promotion

- Other ways to promote the grant/project
  - School Board presentations
  - Printed communications
  - Website content
- Funders should be acknowledged on reports or other materials developed with grant funds
  - Should include the Sustainable Jersey for Schools and NJEA logos
